NCYU USR & SDGS SPRING SCHOOL

3 - 14 MARCH, 2025

學校簡介

School Information

National Chiayi University was formed in February 2000 by merging two existing colleges in Chiayi, i.e., National Chiayi Institute of Technology (NCIT) and National Chiayi Teachers College (NCTC). The University now has seven colleges (Teachers College, College of Humanities and Arts, College of Management, College of Agriculture, College of Science and Engineering, College of Life Sciences and College of Veterinary Medicine). NCYU is one of the oldest and largest universities in the southern part of Taiwan.

National Chiayi Teachers College was first founded in 1957 as "Taiwan Provincial Chiayi Normal School". The school recruited junior high school graduates and trained them as kindergarten and elementary school teachers.

By merging the two colleges, National Chiayi University is one of the few comprehensive universities in the southwestern part of Taiwan, covering a wide range of domains, including Life Science, Agriculture, Management, Science and Engineering, Humanities and Arts, and Education.

NATIONAL CHIAYI UNIVERSITY

Warm greetings from National Chiayi University !

We would like to invite you to join our 2025 Spring School - Cultural, Language and SDGs class.

The course will cover a wide range of topics, including culture, language, social sustainability, and field trips to experience the rich local culture of Chiayi firsthand. This would be a great opportunity for you to find out more about Taiwan culture and to learn the language. The course will be taught mainly in English and Chinese.

We sincerely look forward to your participation.

- **Duration:** March 3rd-14th, 2025.
- **Eligibility :** The program will be open to students at partner university of National Chiayi University. Preference may be given to applicants from partner universities. However, applications from all qualified students are welcome.
