For all new students of Ehime University

### Request for Chest X-ray Report and Health Check Form

Ehime University requires confirmation of the health condition for all new students in preparation for their school life, in order to protect them against infections such as tuberculosis.

All new international students are required to do the following:

#### ***Procedure***

Within two months prior to enrolment: International students from countries listed on the questionnaire form must undergo a chest X-ray examination in their home country.

※Chest X-ray Report:
